

Crossett Air Quality Charrette

Saturday, July 16, 2016 ~ 1:30 to 3:45 p.m.

Crossett Public Library, 1700 S. Main Street, Crossett, AR 71635 (Community Room)

Facilitator: To Be Determined

Draft Agenda

Introductions

Meeting Overview

- A charrette is a meeting in where stakeholders in a project attempt to resolve conflicts and map solutions.
- Concerns have been expressed by some community members about air emissions, water discharges, and other issues related to public health and the environment.
- This charrette will be an opportunity to share information on the voluntary air monitoring that has been conducted in Crossett and to talk about ways the community can work together on any ongoing concerns.
- The goal is to provide a forum where key representatives from the community, local government, State agencies, and industry can voice their perspectives and hear the viewpoints of others in an effort to improve communication and cooperation.

Discussion

- What are the current perspectives on air quality in Crossett?
- What is the desired vision for air quality in Crossett?
- How can the community stakeholders work together to achieve the vision?
- What are the challenges and barriers to working together?
- How can the community stakeholders overcome those challenges?

Meeting Summary

- Review key discussion points.
- Identify 2-3 next steps on the path to moving forward.
